School of Engineering Electives:

For the School of Engineering electives, your choices are any 5-unit upper division or graduate School of Engineering courses, with these exceptions: You can take AMS 131 or CMPE 107, but not both, and at most one independent study or field-study (with prior approval from the Department) to be used as an elective.

Economics Electives:

The following Economics courses are strongly recommended for TIM majors:

Econ 100B	Intermediate Macroeconomics	Econ 133	Security Markets and Financial Institutions
Econ 101	Managerial Economics	Econ 135	Corporate Finance
Econ 115	Introduction to Management Sciences	Econ 136	Business Strategy
Econ 130	Money and Banking	Econ 161A	Marketing
Econ 131	International Financial Markets		

Notes:

- All students admitted to a School of Engineering major, or seeking admission to a major, must take all courses required for that major for a letter grade.
- Courses in which you receive a grade of C-, D+, D, or D- earn credit toward graduation, but cannot be used to satisfy a major requirement or a general education requirement, and cannot satisfy a prerequisite for another course.
- The School of Engineering has different major declaration deadlines than the UCSC Academic/Administrative calendar. Our deadlines and process can be found on: <http://ua.soe.ucsc.edu/declare>
